

Cross Contamination Controlled

Cross Contamination Controlled

**Reformed, shape constant,
non-coated “&” snack from beef.
Connect with us & get to know
how we manufacture delicious
food together!**

Connect with DP&S as we present the all original “&” snack! Reformed from 60% beef trimmings, & enhanced with our successful DP&S Innotex & DP&S Formtex. We serve our & with a delicious DP&S Tex Mex sauce on crunchy tortillas.

Connect & Enjoy & Taste DP&S

Dutch Protein & Services (DP&S) is based in The Netherlands. We are a family-owned company with more than 50 years of experience as a supplier of functional ingredients in the food industry. As your supplier, DP&S takes the responsibility to offer & supply ingredients that are safe and controlled from field to product. Together with you, DP&S connects these ingredients to your process and your raw material in order to create the best and the most delicious product in an industrial environment.

The 5 pillars of DP&S are: Product, Service, Quality, Innovation, and Reliability
