Crunchy Coat Tempura Fish Bites

Crunchy Coat Tempura Fish Bites

Whole muscle reformed fish burger, coated with a gluten free Crunchy Coat Tempura. Oven reheated & served with a homemade wasabi mayonnaise, seaweed salad & fly-fish caviar

During production, no damage to the fish occurs because the mixing process step is completely avoided. The mass is reformed, BUT NOT MIXED!

DP&S introduces the crispy, gluten free Crunchy Coat Tempura!

Process Application:

Defrost - Predust - Reforming - Crunchy Coat Batter - Crunchy Coat Panade - Crunchy Coat Tempura - Frying 180 °C during 45 seconds - Freezing. Regenerate in an oven for 14 minutes @ 210°C. Or use the air fryer preheated @ 200°C for 12 minutes.

Connect & Enjoy & Taste DP&S

Dutch Protein & Services (DP&S) is based in The Netherlands. We are a family-owned company with more than 50 years of experience as a supplier of functional ingredients in the food industry. As your supplier, DP&S takes the responsibility to offer & supply ingredients that are safe and controlled from field to product. Together with you, DP&S connects these ingredients to your process and your raw material in order to create the best and the most delicious product in an industrial environment.

The 5 pillars of DP&S are: Product, Service, Quality, Innovation, and Reliability
