Connect & Enjoy & Taste DP&S

Dutch Protein & Services (DP&S) is based in The Netherlands. We are a family-owned company with more than 50 years of experience as a supplier of functional ingredients in the food industry. As your supplier, DP&S takes the responsibility to offer & supply ingredients that are safe and controlled from field to product. Together with you, DP&S connects these ingredients to your process and your raw material in order to create the best and the most delicious product in an industrial environment.

The 5 pillars of DP&S are: Product, Service, Quality, Innovation, and Reliability
